## AMERICAN LEGION POST NO. 69 ELECTS OFFICERS

At a meeting of the Deaton-Smith Post No. 69 held Monday, January 10th, the following officers were elected for the year of 1921:—  
Ben C. Herndon Commander  
Thomas B. Kauffman Adjutant  
Robert T. Faulkner Finance Officer  
Arthur Clark Vice-Commander  
Executive Committee:  
Leslie Logan, Oscar Jackson, Sidney Hopper, Edward W. Scent, J. Eggon, Bert Churchill, Master-at-Arms  
The Historian was not elected at this meeting but will be at the next.  
Regular meeting nights 2nd Tuesday and 4th Saturday.

## BIG SOCIAL EVENT

The fact that clubdom does not mean all work and no play, was very beautifully and tastefully exemplified on Wednesday evening, Dec. 29th, when the members of the Women's Study Club, with their respective husbands and a few friends, were entertained at the charming home of Mr. and Mrs. C. P. Kennedy.

One feature of the entertainment provided for the guests was an original contest made up of twenty-six questions the answer of each of which was the name of an automobile. Inasmuch as the idea of this contest originated with the hostess she, and those who assisted her in carrying it out, were the recipients of quite a bit of favorable comment. Another feature provided was an act of mental telepathy wherein Mr. R. H. Newitt played the stellar role in announcing the New Year's resolutions submitted by the guests with out having read them.

Miss Drucilla Tye, possessed of that indescribable something which lacking a better name we call charm of manner, gave a reading wherein she displayed her great natural ability as well as the splendid training she is now enjoying at her school of dramatic art.

Mrs. Kennedy served a splendid luncheon course of olive nut sandwiches, Philadelphia cream cheese sandwiches, brick ice cream, fruit cake and salted almonds, carrying out in detail the color scheme of the holidays—red and green.

## B. B. I. HERALD

Both dormitories of the Institute are full and many have been turned away on account of lack of room.

We are pleased with the experienced teachers of our faculty. The student body met Monday night and organized a debating society which will be actively engaged each Monday night to discuss questions of real and personal interest.

We appreciate very much the services of J. C. Bryan Sasser as Normal teacher and especially his good humor which appeals to everyone. His students call him "Jolly Straw-boss."

The New Year of 1921 will witness a great growth of B. B. I. and one great reason for this is the presence of Prof. C. E. Bunnell who is teaching the Draughton's Business Course with such great success.

We wish also to compliment Rev. Edgar Allen who is in charge of the Bible classes and for his presence with us in our chapel exercises.

Three cheers for B. B. I.

## BAPTIST Y. W. A.

Miss Laura Hayes entertained the Y. W. A. of the Baptist Church at her home on Main St. Wednesday afternoon, January 5th. Quite a large number, twenty-six members, were present. After the close of an interesting meeting at which many questions of interest were discussed a delicious salad course was served by the hostess.

## COLE-WATSON

The marriage of Mr. T. A. Watson, of Corbin, and Mrs. Rachel Byrley Cole, of Barbourville, was consummated in Middlesboro at eleven Thursday morning, January 6th. The ceremony took place at the Boone-way Inn, the Rev. T. J. Francis, pastor of the Southern M. E. Church, officiating.

The bride has a host of warm friends here and over the County who will congratulate Mr. Watson on his union with a lady of charm and loveliness of character. Mr. Watson is a successful business man and highly respected in his home city.

Mr. and Mrs. Watson spent a few days in Knoxville, Tenn., returning to their home on East Center Street Corbin, Saturday.

McKINLEY DEATON

## McKINLEY DEATON, WAR HERO LAID TO REST IN HOME SOIL

McKinley Deaton lies at rest among the hills of Kentucky. The body of the dead war hero arrived in Barbourville Monday night, January 10th, from France and was interred Tuesday afternoon in the City Cemetery.

The soldiers and sailors of Deaton-Smith Post No. 69, American Legion, formed into line about 1:30 p. m. and, led by the Union College band, swung down Knox Street to Allison Ave., where the body lay at the home of Ben Deaton, brother of the dead soldier. There they waited until near the termination of the funeral service which was conducted at the home by Rev. J. H. Blackburn of the Baptist Church.

The beautiful casket was then brought forth covered with the flag of our country and was transferred to the waiting hearse. The band played a soft funeral march as it slowly proceeded down the Avenue until the tracks of the L. & N. were reached. Owing to the condition of the road to the Cemetery the soldiers marched down the track while the hearse went round by the road.

## CHARLES G. BLACK, CASHIER OF FARMERS' & MERCHANTS' BANK ELECTED MAYOR

The local Republicans met several weeks ago and selected a list of candidates to be voted for in the city election held today. The Democrats refused to name a ticket, and intended to let the Republicans have the town officers. A few days before the election a report was circulated on the streets that John S. Pride-more, Republican, candidate for mayor, would have the place if he had to spend \$500. The Democrats met Tuesday night, completing the list of candidates yesterday, and got busy the result of which being the whole Democratic ticket was elected as follows:—Chas. Black, Mayor; Mrs. C. E. Burns, Recorder; L. M. Hainor, C. E. Vest, N. C. Roberts, Mrs. Creed Martin and Mrs. John Pelfrey, for the Council.—The Lincoln Democrat, Hamlin, W. Va.

Charley Black is one of our Barbourville boys who is making good.

## AND STILL A BOY

Representatives Ogden, Langley and Robson of Kentucky were recently hosts in Washington to a dinner given by them to Judge Walter Evans, U. S. District Judge for the Western District of Kentucky, and Representative Joseph G. Cannon. Uncle Joe Cannon, who has served longer than any other man in the American Congress, is still hale and hearty at 85 and enjoyed the occasion with reminiscences of forty to fifty years ago in Congress. Judge Evans served two terms in Congress from the Louisville District from 1892 to 1896.

Uncle Joe Cannon was first elected to Congress in 1872. He served as Attorney General for the State of Illinois from 1861 to 1867. He became Attorney General about the time Lincoln first became President.

A short address was delivered at the grave by Rev. J. H. Blackburn after which the body was reverently lowered to the quiet bosom of Mother Earth. In place of the usual rifle salute taps were sounded in deference to the expressed wishes of the relatives.

Hundreds of people witnessed the funeral service at the grave. The discourse of the minister was on the certainty of immortality and also the certainty of knowing our loved ones beyond the grave.

McKinley Deaton has passed from the body but his soul is with the immortals who have offered themselves for an ideal. In losing his life, he saved it and laid humanity under a heavy debt which shall be paid by his countrymen in greater love of their native land and of humanity wherever found.

The best epitaph to his memory might easily be that he was an American who died for what was right.

The above is a good likeness of McKinley Deaton being made from a photograph that was taken while he was in service.

## ANNOUNCEMENT FOR COUNTY COURT CLERK

Having made my announcement in the Mountain Advocate some weeks ago for the office of County Court Clerk, which was vacated by the death of my husband, D. W. Slusher, I wish to state that I am receiving the benefits of the office at present, the same as my husband would have received should he have lived and thereby am able to keep my three children with me and in school. If the good people of Knox County will give me the office for the next term I will be able to educate them and keep them at home with me. Otherwise, I will be compelled to place them in the Orphans' Home or receive sustenance from charity. It has been customary to elect the County Court Clerk for a second term and I feel that I am competent to discharge the duties of said office as any other person who might ask the good people of Knox County for the place.

It is also true that any man who might seek this position is qualified to make more money at some other employment, therefore, I hope to receive the hearty support of the good citizens of Knox County for the above named office and pledge myself to discharge the duties of the office with credit to myself and the voters of Knox County.

Yours respectfully,  
MRS. D. W. SLUSHER.

## LOGAN SANITARIUM NEWS

C. M. Powers, who recently lost his leg thru a mangled ankle while working on the Cumberland R. R., was able to leave the Sanitarium for his home in Artemus Saturday, Mr. Powers is in good spirits in spite of the loss of the limb.

On Monday night at 7:30 o'clock Rev. J. J. Clifton will conduct an Episcopal service at the Presbyterian Church.

## ARRESTED ON DOUBLE CHARGE

Timothy Jackson of Elys, received a ten days sentence Saturday on the charge of carrying a pistol while, it is alleged, being in possession of five gallons of whiskey. On the latter charge he was taken to Pineville to await action by the Federal authorities, later brought to Barbourville, and will be returned to Pineville on the expiration of his sentence for carrying a pistol.

## UNION DROPS GAME TO BEREA M. E. CHURCH

In a hotly contested basketball game on Monday evening of last week our quintette dropped the game to the strong Church Team of Berea. At the end of the first half the spectators and old sympathizers of Union had every reason to believe that the U. C. team would be in the lead when the final whistle blew. At that period of the game the score was 20 to 19 in favor of Union and at the beginning of the last half our boys took their positions back on the floor in their usual style. When the ball was tossed up at center the Union five began to pile up points until they were nine points in the lead. Then the Berea team began to open up and play real basket ball as the end was fast approaching. Van Winkle, of the opposing team finding Union College five all bunched in the center, or all out of their respective places, took advantage of this fact and piled up enough points to overwhelm Union's score.

The game Monday evening was one of the fastest played in the U. C. Gym this year. After our boys find themselves we hope to have many more of the same nature but with a different tale. However, both teams Monday evening staged a rattling good game.

Lineup and points as follows:  
Union College—J. S. Faulkner, 12, F. Allen Tuggle, 0, F. W. B. Trooper, 8, C. Collie Franklin, 2, G. Robert Blair, 4, G. Substitutions: for Tuggle, Cheslie Franklin, 2, For Howard.  
Berea—Walter Van Winkle, 12, F. Clyde Lewis, 6, F. Jay Stevenson, 8, C. Mark Clark, 0, G. Paul Bickwell, 4, G. Substitutions, none.  
Fouls for Union.—Trooper, 5.  
Fouls for Berea.—Van Winkle, 6  
Referee, R. N. Jarvis.  
Scorekeeper, Dunbar.  
Umpire, Faulkner.

## HIBBARD-CANNON

The marriage of Mr. Arthur Cannon, of Kettle Island, and Miss Della Hibbard, of Garrard, Clay Co., took place at Cumberland Gap, Saturday night of last week, January 1, 1921. Rev. Brooks performing the ceremony. Both young people have a host of friends in town who will wish them every happiness. Mr. and Mrs. Jake Denzer accompanied the bride to Cumberland Gap.

Mrs. T. F. Wilson, nee Miss Clara Lambdin, was visiting friends here last week and became a member of the Advocate family. Mrs. Wilson states that the information given the Advocate to the effect that Mr. Wilson is leaving Corbin is incorrect.

## BOOK PAPER FROM SOUTHERN PINE AND RED GUM

The possibility of using southern  
pine and red gum for the production  
of high grade book and magazine  
paper has been demonstrated in re-  
cent trials at the U. S. Forest Pro-  
ducts Laboratory, Madison, Wis.  
Book paper requires for its manufac-  
ture two kinds of woods—a long fi-  
bered wood, such as spruce, to im-  
part strength, and some short fibered  
wood to give the formation,  
opacity, and other printing  
qualities. The southern pines are  
fibered woods, excellently suited  
to the manufacture of wrapping  
and fiber board, but their  
length and the difficulty of  
transporting them have heretofore been  
obstacles in the way of their use for  
book paper. These obstacles, it has  
been found, can be overcome in a  
measure by proper cooking  
and improved bleaching.  
Red gum is typical of  
the southern hardwoods that may  
be used in the manu-  
facture of the better grades of print-  
ing paper. Laboratory experiments indi-  
cate that the cord of loblolly pine  
and red gum are capable of yield-  
ing paper, at a cost which  
is a good profit under  
present conditions.

Production of the southern  
book paper would spread  
the pulpwood supply  
over a large territory which is  
now a fact, altho the bulk  
of the lumber in the United  
States is now in the south.  
The wood is distributed  
in various states in pro-  
portion to the manufac-  
ture of paper, and the forests  
are near the centers of paper con-  
sumption. The supplies of  
raw materials and other necessary  
Additional information and sam-  
ples of the paper made in the trial  
runs of pine and red gum may be ob-  
tained from the Forest Products Lab-  
oratory on request.

Florida's Exceptional Climate.  
Throughout Florida there is more  
rain in the summer than in the win-  
ter. The rainy season begins and  
ends a little earlier in the western  
part than in the eastern part of the  
state. The dryness of the winters is  
an important factor in making Flor-  
ida an ideal winter resort. By far the  
greatest part of the summer rain  
comes in the daytime in the form of  
brief showers, which cool the air.

# POULTRY

## KEEP POULTRY HOUSE CLEAN

Excrement Harbors Parasites, Con-  
taminates Air and Breeds Con-  
tagion of Many Kinds.

Everything about a poultry house  
should be kept reasonably clean. As  
a rule droppings should be removed  
daily, for the accumulation of excrement  
harbors parasites, contaminates  
the air, and breeds contagion. After  
the dropping boards have been cleaned  
they should be sprinkled with road  
dust, coal ashes, or land plaster, to  
absorb the liquid excrement, the poi-  
sonous division of the United States De-  
partment of agriculture suggests.  
Nests in which straw or other similar  
material is used should be cleaned ex-

Handy for Spraying Interior of Hen  
House.

every three or four weeks, or oftener if  
it becomes damp or dirty.  
The quarters should be thoroughly  
whitewashed at least once a year, late  
in summer or early in the fall. The  
whitewash can be made by slaking  
lime in boiling water and then thin-  
ning to the proper consistency for ap-  
plying. The addition of four ounces  
of carbolic acid to each gallon of  
whitewash will increase its disinfect-  
ing power. The runs should be plow-  
ed occasionally in order to bury the  
accumulated droppings and also to  
turn up fresh soil.

## KILL DEVITALIZING INSECTS

Paint Roosts With Kerosene Oil to  
Get Rid of Mites—Use Blue  
Ointment for Lice.

The protection from mites means  
simply to paint the roosts about once  
each week with kerosene oil and the  
lice can be killed off for the summer  
by giving each bird the blue ointment  
treatment at the beginning of hot  
weather. This has been told many  
times by poultrymen and probably  
there is no poultry fact that needs  
more frequent repetition than the best  
method of killing these devitalizing  
pests.

## CULLING POOR LAYERS

- Cull all hens that show:  
1. Well along in the molt with  
combs and wattles dried up.
2. All that have lay bones  
less than two fingers apart and  
small capacity.
3. Abdomen and vent dry and  
puckered.
4. Yellow shank and beak.
5. Apply all the test; don't  
apply just a part of it—do it  
right.

## DRY MASH FEED FOR CHICKS

Animal Food in Some Form, Prefer-  
ably Buttermilk, Should Be Kept  
Before Fowls.

A dry mash feed should be kept be-  
fore the chicks continuously—a mash  
feed containing animal protein in  
some form, preferably buttermilk, meat  
scraps or fish scraps. These elements  
of animal protein in prepared mash  
feeds are scientifically dried and do  
not easily decompose.

## GET EGGS FROM TURKEY HENS

Increased Production Can Be Obtained  
by Feeding Ground Oats, Corn  
and Other Cereals.

Increase of egg production in tur-  
key hens can be done the same as  
with chickens, by feeding ground oats,  
ground corn, kafir meal, barley meal,  
wheat middlings, linseed meal, and  
sunflower seed, in equal quantities.  
This can be fed dry in hoppers, or  
mixed with milk or water.

## MITE IS ENEMY OF CHICKEN

Insect Does Not Bother Other Fowls to  
Any Extent—Carried About  
in Empty Crates.

Chicken mites do not feed to any  
great extent upon other hosts when  
chickens are at hand. They are car-  
ried about chiefly by the interchange  
of poultry and in crates and boxes  
in which fowls are shipped.

# AT SIXTY O'NEIL GAINS 17 POUNDS

Ohio Farmer Says After Suf-  
fering Seven Years Tanlac  
Has Restored Him.

"Tanlac certainly is a real medi-  
cine, for only a real medicine will  
make a man of my age gain seven-  
teen pounds in weight and feel as  
young as I do," said John H. O'Neil,  
a well-known farmer of Darrowsville  
Ohio, recently.

"For seven years I suffered with  
stomach trouble and became so bad-  
ly run down and nervous I could  
hardly hold to my plow handles.  
After eating I would turn almost  
deadly sick and bloat with gas until  
I could scarcely breathe. I had such  
dizzy spells at times I couldn't stoop  
over to hook a trace and would just  
stagger around until I caught to  
something.

"I couldn't put in a day's work  
without having such terrible pains  
all thru my body I could hardly en-  
dure it. It was an effort to do any-  
thing and it seemed that the more  
medicine I took the worse I got.

"But when I started taking Tan-  
lac I soon felt like a new man. I  
have taken four bottles now and my  
stomach is in such fine condition  
I am eating like a horse without suf-  
fering, and, as I said, I have gained  
seventeen pounds in weight. The  
pains have disappeared from my  
body and I can do a hard day's  
work and enjoy it. In fact, Tanlac  
has made me feel almost as well as  
I did at the age of twenty-five, and  
that's saying a lot for a man of sixty.  
Anyway, it is the best medicine  
I ever ran across, and I'll take it  
for mine every time."

Tanlac is sold in Barbourville by  
The Cut-Rate-Drug Co., in Artemus  
by J. G. Haskin, and in Perman by  
N. J. Faulkner & Co.

## JIM PHILLIPS SLAIN

Jim Phillips, of Disappointment,  
Knox County near the Clay County  
line, is dead as the result of two pis-  
tol shots behind the ear. The head  
is said also to have been so severely  
struck with the gun (which it is  
claimed was Phillips own weapon.)  
that the guard was bent. The alleged  
slayer is Green Gambrel, son-in-law  
of the dead man.

The killing took place at the Sam  
Riley home at which place the two  
men had stopped and the affair was  
witnessed by two ladies.

Gambrel surrendered Saturday to  
Sheriff Read P. Black. The Grand  
Jury returned a verdict of wilful  
murder on Wednesday and the trial  
was set for Monday of next week.

## INTERESTING LETTER

Yakima, Washington.  
December 25, 1920.

Mr. and Mrs. A. W. Hopper.

My Old Friends:—

We have about six inches of snow  
and it is a bright and sunny day.  
Just received your more than wel-  
come card and my thoughts go back  
easily to old Knox at this Christ-  
mas time. I just feel like writing a  
letter to someone there occasionally  
so will inflict this one on you.  
Cereba is upstairs dolling up for a  
big dinner we are going to have  
with Mr. and Mrs. F. T. Hargis, of  
Breathitt County, Ky. Hargis is a  
son of Senator Alex Hargis of Jack-  
son, and his wife is a daughter of  
John C. Eversole (Judge). They  
came here in the summer of 1918  
and bought a fine forty acre orchard  
right between two of my orchards  
—paid \$45,000.00 cash for it and  
bought a house in the city for \$8,  
000.00. Mrs. Hargis is a fine cook  
so you have an idea what we are ex-  
pecting.

We are enjoying good health and  
all the Kentucky people here are  
getting along all right. Eversole has  
been the cause of a number of fam-  
ilies coming here from Ousley Co.  
—most of them with very small cap-  
ital—but they are all getting along  
and bettering their condition.

I have, like A. W., formed the  
habit of staying close to my business  
every day in the year and don't get  
away from here often. We went over  
to Seattle in September. It is surely  
one of the finest drives on the Amer-  
ican continent. The first ten miles  
is thru the highly developed orchard  
district with fine homes, bungalow  
style, on every ten acre tract. Fine  
big school buildings and everything  
that goes to make up an exceedingly  
rich community. Then we cross into  
the broad and prosperous Wenas  
Valley. But it is a different country  
altogether. The farms are large.  
160 to 640 acres with big farm  
houses of plain architecture, and big  
barns and silos. Herds of Holstein  
dairy cows and other herds of beef  
cattle. Big meadows, corn fields  
and wheat fields, oats etc. No or-  
chards only a few neglected old ap-  
ple trees about the houses same as  
in Kentucky. As we go up thru the  
Wenas Valley the farms get larger  
and we get more out of the good  
farming district as the altitude in-  
creases till it becomes a strictly  
stock country with houses far apart.

At about 35 miles we cross a high  
divide and go down a long but easy  
grade in the Kittitas Valley which  
is a very rich and prosperous valley  
something like the Wenas, and then  
we start up Cascade Mountains prop-  
er. We have been climbing up all  
the way and we are soon in the big  
timber. A fine road winds around  
thru the timber up to where we  
leave the Kittitas Valley. We are  
going thru what was desert country  
where nothing but sage bush and  
bunch grass grew without irrigation.  
When we start up the mountain we  
are in a rainy country with snow fed  
mountain streams roaring down and  
many beautiful falls. Way up on  
the mountain side there are some  
fairly prosperous farmers with big  
level fields of oats and timothy it  
being too high up for alfalfa or corn.  
Further on up the mountain the tim-  
ber is bigger and thicker and nearly  
at the top at an elevation of over  
4,000 feet there is a fine lake five  
miles long. There is a summer  
resort here and we stayed over night.  
They serve a chicken dinner for \$2  
and it's worth it.

Next morning we were soon at  
the summit of Snoqualmie pass and  
when we start down on the west  
side of the Cascades it is another  
country—more rain, more under-  
growth in the timber and lots of  
ferns of different kinds, some six  
or eight feet high. As we get down  
a ways we come to Cuoqualime Falls  
where the river plunges over a pre-  
cipice about 160 feet. Here there  
is a big hydro-electric plant that fur-  
nishes power for Seattle. From here  
on there are lots of wild blackber-  
ries but they are different from our  
southern berry. They are on ever-  
green briars—that is the leaves are  
evergreen—but the berries look and  
taste about the same as our berries.  
Before we reached the summit there  
were some huckle berries.

When we get down the mountain  
on the west side there is a flat  
country covered with a timber un-  
dergrowth and briars and the farm-  
ers are not very prosperous, but fine  
roads. A fine drive of several miles  
around Lake Union brings us into  
Seattle—or one can ferry across.

There are long rows of those wood-  
en ships you have heard so much  
about tied up out in Lake Union.

I do not think there are many  
places where a trip of 170 miles will  
cover such a variety of scenery. This  
valley and city are improving fast  
but it will not do for me to start  
telling you about this fine valley  
for if I do I'll never know when to  
stop.

I just received a few days ago  
1,200 peach trees from Winchester,

Pure in the can - Pure in the baking

It is reasonable in cost and  
possesses more than the or-  
dinary leavening strength. You pay  
less and use less. You get the most  
in purity, dependability and whole-  
someness.

In every way—it is the best  
way to keep down baking costs. That  
is what has made it the world's big-  
gest selling baking powder—has kept  
it the favorite of millions of house-  
wives for more than thirty years.  
Good wholesome bakings can be  
made only of good materials, no  
other way, so use only good baking  
powder and good plain flour (not  
self-rising flour).

Calumet  
Sunshine Cake  
Recipe  
1½ cup of butter,  
1½ cups granu-  
lated sugar, 2½  
cups flour, 1 cup  
water, 2 level  
teaspoons Calu-  
met Baking  
Powder, 1 tes-  
poon lemon,  
yolks of 9 eggs.  
Then mix in the  
regular way.

Tenn. What do you think of a fel-  
low as old as I am still planting  
trees?

Remember me to all my friends.  
Yours truly,

D. H. Williams.

## INCOME TAX RETURNS

Work has begun on the collection  
of the income tax for the year 1920.  
Uncle Sam, thru the Bureau of In-  
ternal Revenue, is addressing to  
every person in the United States  
the question, "What was your net  
income for the year 1920?" The  
answer permits of no guess work.  
Every single person whose net in-  
come for 1920 was \$1,000 or more  
and every married person whose net  
income was \$2,000 or more is re-  
quired to file a return under oath  
with the collector of internal revenue  
for the district in which he lives  
on or before March 15, 1921.

The penalty for failure is a fine of  
not more than \$1,000 and an addi-  
tional assessment of 25 per cent of  
the amount of tax due. For wilful  
refusal to make a return the pen-  
alty is a fine of not more than \$10,  
000 or not exceeding one year's im-  
prisonment, or both together with  
the costs of prosecution. A similar  
penalty is provided for making a  
false or fraudulent return, together  
with an additional assessment of 50  
per cent of the amount of tax evad-  
ed. Women must pay the tax also.

## AGE NO BAR

Everybody in Barbourville is  
Eligible

Old people stooped with suffering.  
Middle age, courageously fighting.  
Youth protesting impatiently!  
Children, unable to explain!  
All in misery from their kidneys.  
Perhaps a little backache first.  
Urinary disorders, dropsy, may  
quickly follow.

Doan's Kidney Pills are for weak  
kidneys.

Ask your neighbor!  
Are endorsed by thousands.  
Here's Barbourville testimony.  
Mrs. F. W. Golden, Pine St., says:  
"Two of my children had very  
weak kidneys and were annoyed by  
too frequent passages of the kidney  
secretions. They complained of  
pains thru the back and felt dull  
and languid. We doctored but got  
no benefit until we bought Doan's  
Kidney Pills at Herndon's Drug  
Store. They relieved the trouble  
right away and regulated the kid-  
neys."

Price 60c at all dealers. Don't  
simply ask for a kidney remedy—  
get Doan's Kidney Pills—the same  
that Mrs. Golden had. Foster-Mil-

Will Lee Amls has returned to the State University at Lexington to resume his studies. Will is wise in his day and generation in getting a first class education. There is nothing to compare with it. Some of our boys who are wasting their time running the streets with that mischief maker, too much time on their hands, would do well to emulate his example. Youth is too valuable to throw away.

It will be a great satisfaction to our home fountains to be able to buy the best of ice cream and soft drinks at the Knox Bottling Works instead of having to send away for their supplies. We believe that it is only a question of time when this go ahead concern will be crushing the delicious Knox County grapes into the best of grape juice. These same grapes in the judgment of those who know are without an equal elsewhere.

Sheep sold in Chicago and shipped from Wyoming recently brought 32 ing of unsound mind. She was orients net to the shippers. It costs \$6.00 to \$8.00 to raise them. ## BIG EGG YIELD

"From a small flock of hens I now get 20 to 25 eggs per day, whereas before giving them Dr. LeGear's Poultry Prescription, I only received three or four. Its cost has been repaid to me over and over." So writes Mrs. J. W. Montgomery, Tunnell Hill, Ga.

You should increase your yield now, while prices are high, through Dr. LeGear's Poultry Prescription. It is a tonic which builds up the hen's strength and vitality, and also stimulates the egg-producing organs.

For 28 years Dr. LeGear has been recognized as America's foremost Expert Poultry Breeder and Veterinarian. Any time your poultry or stock are ailing, it will pay you to get the proper Dr. LeGear Remedy from your dealer. It must give satisfaction or your dealer will refund your money.

## ADVERTISING AND EXCELLENCE OF PRODUCT SELLS CALUMET BAKING POWDER

A single burst of effort—a quick turn of luck may hurl an individual to the top heights of fame and achievement. But—unless the advance is sustained by real ability, and ceaseless progress, there is a descent into the depths of obscurity as rapid as the fall of a burnt-out sky rocket.

At the age of forty-six—Warren Wright is Secretary-Treasurer and active head of the largest Baking Powder organization in the world—the Calumet Baking Powder Company, Chicago.

That statement alone doesn't mean much perhaps. But the fact that the Calumet Baking Powder Company has been a pronounced success for years does hold a vital truth—an inspiration for all who "hitch their wagons to a star"—and it is a true measure of the man who directs the activities of the Company.

Thirty years ago Calumet Baking Powder was peddled from store to store in a market basket. A barrel as a disk constituted the office furniture. Today, Calumet Baking Powder is the heaviest selling Baking Powder on the market—and is produced in the biggest, most modern and best equipped Baking Powder Plants ever put into operation.

There was no flashy, meteoric flight. It was not a freak of fate. There was a relentless fight from the beginning. A struggle for recognition and existence. Vicious, unscrupulous competition had to be met and overcome. It was a man-sized job—with a man capable of coping with every condition always on the job.

The ground work for this notable success was rock-bound with the essentials of success. Only the purest ingredients were utilized. The principles of selling were just and fair. The utmost merit was given at the least possible cost to the consumer—permitting a legitimate profit to the dealer. Publicity—the most extensive and intensive ever employed in the promotion of Baking Powder sales—has never been tinged with deceit or shaded with the slightest exaggeration.

The confidence of jobber—dealer—and consumer has ever been held as a "sacred trust."

Because of the greatest benefits derived by buyers—and because of the driving energy—the ability—the invincible will—the keenness of perception and fairness of "heart" of Warren Wright—and the able co-operation of the organization he has built up around him, the Calumet Baking Powder Company has won an impregnable position in the realms of industry and business.

It is upon the permanency of such clean successes as this that America became and will continue to be the most powerful, prosperous and successful nation on earth. And to such men—staunch characters—ever advancing toward a well defined ideal we owe a debt of gratitude. It is the composite greatness of men of Mr. Wright's type that has made us the greatest race that ever trod the path of civilization.

The vast and highly productive publicity of the Calumet Baking Powder Company—embracing all printed sales promotion matter in its many phases—has for the past eleven years been formulated and successfully executed by the Sehl Advertising Agency of Chicago.

## CHRISTIAN CHURCH LADIES AID MEETS

The Ladies Aid Society of the Christian Church met with Mrs. C. P. Kennedy for their regular meeting with a large number in attendance. In the absence of the president, Mrs. G. M. Richards, Jr., Mrs. Rasmick, the vice-president, took charge of the meeting. After the usual business of the society was finished, Mrs. Albright produced a "surprise packet" which proved to be letters from each of the former presidents of the society who are now residing elsewhere. The letters were from Mrs. H. C. Faulkner, of Hazard; Mrs. O. C. McClung, of Butler, Pa.; Mrs. J. W. Ligon, of Morganfield, Ky.; and Mrs. Maude Tinsley Marcum, of Lexington, Presidents, and Mrs. F. C. Moore, of Ashville, N. C. who was Treasurer of the Society practically the entire time the above Presidents served the Society.

Each of the letters was an inspiration with its hearty New Year wishes and expressions of love and continued interest in the work of the home Society. An added interest was given in that Mrs. Albright as she read each letter had the members guess the identity of the writer of the letter.

The Society was glad to welcome Mrs. W. R. Hughes as a new member and looks forward to a year of good work.

At the close of the business session the hostess served delicious refreshments after which a delightful social hour was enjoyed.

The next meeting will be with Mrs. Jennie Jackson at the home of Mrs. R. B. Minton.

## METHODIST LADIES AID

The Ladies Aid of the M. E. Church met at the home of Mrs. James D. Black, on January 7th, 1921. There were twenty-three members present with two new members, Mrs. Mattie Baker and Mrs. W. C. Black, and one visitor, Mrs. Nicholson. Mrs. J. D. Tuggle read a paper on "Thoughts for the New Year," which was enjoyed by all. After adjournment the hostess served a dainty salad course.

The next meeting will be held at the home of Mrs. A. W. Hopper, on January 21st.

## BAPTIST CHURCH NOTES

Fine interest and a warm spiritual atmosphere seems to prevail the services at the Baptist Church. There have been six additions in the last month and others are contemplating joining in the near future.

It is very interesting to watch Sunday School grow. The last day in December there were 110 sent. First in January 244 and Sunday 278. Let's go over 300 Sunday. The prayer meeting attendance has also doubled the same length of time.

Sunday, January 16th.

6:15 P. M. One of the grams of the season in U. Readings, special music, Cornet, Violin, Piano. An interesting program of "ardship." And work of organization looking toward 7:15 P. M. "One Thing Cannot Do."

You are invited to church which gives a warm welcome to all. D. EDGAR, SEN. Pastor.

## X-RAY DENTISTRY

The up-to-date dentist now-a-days makes an X-Ray picture of every tooth separately, which may need treatment. Nothing is left to chance. If you have a toothache he will place a small photographic plate, say an inch square, inside your mouth back of the troublesome tooth. The X-Ray machine is then turned on for a second or so and the plate is removed and developed. It will be found to contain an exact life-size photograph of the tooth, which will show exactly what is going on inside. With this photograph before him the dentist will know exactly what he is doing and is able to get at the trouble without giving you an unnecessary jab.—Boys' Life

## REV. DAN PHILPOTT IS ELECTED DEPUTY SHERIFF

Rev. Dan Philpott, of Hi-Land Park, has been appointed a deputy sheriff of Knox County. Mr. Philpott is known to be a fearless man and will assist in making Knox County a better place in which to live.

In this connection it is interesting to note that Sheriff Read P. Black is choosing more deputies, men who will give a good account of themselves and who will, if backed by juries, put bootlegging and its by-products of crime out of business.

## UNION COLLEGE NOTES

Tuesday January 4th ushered in the second week of school for the Union College students and they found everything going in mid-term form and are now ready for the daily toil with smiles.

Dr. Johnson, head of the Cincinnati area of the Centenary movement, and his wife, were at Union during the past week. Dr. Johnson delivered a splendid address in Chapel by which many were inspired to do higher and better things.

Dr. Franklin has returned from New York where he has been attending a meeting of college presidents. His Saturday morning address in Chapel was along the line of advanced education and he said the outstanding question is the furthering of christian education. We appreciate the fact that our president keeps in touch with educational progress.

The Junior Class was delighted to welcome back Victoria Croch and Robert Stark, both star students from Evans, Ky.

Literary work has taken on a new lease of life. Saturday both the newly formed organizations met for the first time since the holidays and interesting programs were given.

Mr. Warfield is recovering from the measles and expects to be back Monday night for her expression class and a few others who helped in the holiday recital. Refreshments were served.

The College Revival starts Jan. 17th. Rev. E. R. Overly will be with us during the meeting.

Miss Cecil Byrley, who has been attending school at Danville, is now a Junior at Union.

Dean Ryder returned from Pineville Sunday night quite ill but after a call from the doctor he was able to attend classes Tuesday.

Miss Bess Elrod of Bowling Green who last week had a severe attack of tonsillitis, is improving.

An interesting basket ball game was played Saturday night between the College Freshmen and the Normal Department. Score 4 to 2 in favor of the Freshmen.

B. F. Hennessey, while playing in a basket ball game, fell and dislocated his elbow. His arm was attended to at Dr. Logan's Sanitarium. We wish him a speedy recovery.

Hugh Archibald is home to have his tonsils removed. He is a loyal Union student and we hope he will soon be able to return.

Miss Jane Keith and Miss Hattie Minter have been unable to attend classes for a few days on account of illness.

George Messer, a former student, now teaching at the High School, signed up on Saturday for a course in Public Speaking.

## HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calomels, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the use of Calomels, which are free from the skeletonizing and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calomel on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calomels only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful. (Adv.)

## "JOE DOG" LEWIS SHOOTS UP LOCKHART RESTAURANT ESCAPES

Monday night about 10 o'clock "Joe Dog" Lewis, who had been away but recently returned to town, shot up the Lockhart Restaurant near the depot. He was taken in charge by the jailer but had disappeared the next morning.

## BEN SAWYERS MAKES DASH FOR LIBERTY

While being taken before the Circuit Court Wednesday to make bond on three indictments on a liquor charge, Ben Sawyers made a dash for liberty and got clean away. He was in charge of the jailer to whom he had been delivered by the Sheriff. The escape took place from the Court House. Sawyers and Kin Lewis had stepped into the building when Sawyers turned and ran, followed by Kin Lewis who pursued the fleeing prisoner down College Street, where he fired several shots in an endeavor to bring him to a halt. He was unsuccessful. Sheriff Black took a hand in the search but as it was already dark when the escape was made the search was without avail.

## CIRCUIT COURT RECONVENED

Circuit Court re-convened Monday, January 10th, to finish out the November Term which had been adjourned over and to try common law cases which were set for trial for the last two weeks of the November Term.

The Grand Jury was also re-convened to take up any violations of the law happening in Knox County during the holidays and especially the trouble occurring at the jail and the promiscuous shooting in town on the same night.

To take up the killing of Phillips by Green Gambrel.

Circuit Judge Rose in an earnest and vigorous instruction to the Grand Jury said to them to thoroughly investigate this Bailey-Lee-Gilbert-Lewis controversy and each and every matter growing out of it and to indict the guilty parties. He thereby went into the law as in the duty of arresting officers when violations of the law are being committed in their presence or when the officer has reasonable ground to believe felony has been committed and further when the officer has a warrant of arrest for any person, and defined the duty of the officers under all conditions and the duty of the persons sought to be arrested.

And further, he especially emphasized the duty of citizens when summoned by the officer to help make an arrest and instructed the Grand Jury when the officer failed to do his duty, or when citizens when summoned, failed to assist the officer to help make the arrest, to indict and to do it without fear or favor and without any respect of persons whatever—that the peace and the law enforcement is necessarily in the hands of the officers.

He further instructed the Grand Jury that when any indictment was made by them warrants would issue on the indictment and he would see to it that the papers were properly executed or he would know the reason why.

The persistent and recurring question of boot-legging and moon-shining was also taken up and various crimes growing out of the consumption of liquor.

Other law violations were also called to the attention of the grand jury by the court in his instruction and he very strongly emphasized the fact that too many guilty persons on trial were being turned loose.

## WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui... that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me... My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. B.S.
